Chief, Intelligence Staff, OSA

SUBJECT:

Handling of Current Intelligence Data for Operating Detachments

1.	Request y	ou prepare a		message	containing all	25X1A
pertinen	t intelligen	ice data requi:	red by the	operating d	stachment in	
include t	arget brie	Headquarters- fing material,	order of b	attle, lines		on,
etc., as	appropria	te for a partic	ular missi	оп.		

- 2. The present method of handling this type of information requires a duplication of effort in handling and typing, and is unnecessary. Since cable traffic is an operational channel subject message can be coordinated and released at proper times by the Operations Project Duty Officer.
- 3. Please include the preparation of this message on your mission support checklist for future IDEALIST operational activities.
- 4. A copy of this message will be provided. For your immediate reference a pink copy may be retained.
